A student who has completed the tenth grade can enroll at Shelton during the summer and can take up to ten quarter hours of course work, normally two college courses requiring four hours in class per week. The next summer following the eleventh grade, the student may also enroll at Shelton for up to five hours of course work each quarter, or a possible 15 hours of credit during the senior year.

Full athletic scholarships will be awarded student athletes this spring for the 1984-85 school year. The team will play their first game during the 1985 season.

JUNIOR COLLEGE HONORS SCHOLARSHIP

The University of Alabama gives one Junior College Honors Scholarship each year. This scholarship is based entirely on academic achievements regardless of the student's financial need. To be considered, the student must have applied for admission to the University of Alabama for the year 1984-85. Ten scholarships will be awarded and each scholarship is $1,150 per year renewable for two years provided the student maintains a "B" average.

All applications must be received by the National Alumni Association Office by March 21, 1984. This is a highly competitive scholarship program. If you believe you qualify for one of the scholarships, come by Lorine Lowe's office and pick up an application. For more information contact Humphrey Lee, dean of students.
